

November Newsletter

Club Social – Nov. 12th, 6:00 Happy Hour, 7:00 Po-Boys (Thank you - Robert Bernhart)

What a difference a month makes. Front after front has kept the water conditions less than desirable. The final blue marlin caught in the club last year came in the last week of the year, so don't put up your rods just yet. After trying to reschedule the North of the Nipple tournament several times, it has been officially canceled.

The tournament committee has gotten off to an early start this year and ad contracts are ready. So let's do what we say we are going to do every year and contact businesses early, while they are still planning next year's budget. Contracts can be picked-up at Gene's Floor Covering's, printed from the website, or e-mailed to you upon request. Another exciting tournament development, the Captain's meeting will be held at the new Sanders Beach Community Center. The facility is first class and has incredible views of the bay.

****Christmas party**** We have secured a first class location so mark your Calendars' for Friday December 11th and let's get ready to party. Look for more details and your invitation soon.

Have you heard about the club member only trip? That's right, the club is planning a fishing trip in 2010. We are still in the planning phase so we need to know if you're interested and where you want to go. So far the trip will be in October or early November 2010 and the destination's that have made the short list are Guatemala, Costa Rica, or Panama. So get your name in the hat early since there will be limited space.

Please don't forget we are going green and this is our first electronic newsletter, so if you think we don't have your fishing partners e-mail please forward this to them or send us their e-mail address. You can also refer them to the Website.

Tight lines and screaming drags,

Jeremy Creech
